CUB CARE IS CELEBRATING YEAR 10!

Welcome back Cub Care Families! With the new school year comes another exciting year of Cub Care! For our tenth anniversary year, we are planning to expand Cub Care based on the feedback we've received from past participants to make Cub Care more fun than ever! This will include new and old activities and programs introduced to Cub Care. Read on for more details!

EMPHASIS ON TEAMWORK AND COOPERATION

This year at Cub Care we will be placing a larger emphasis on teamwork, cooperation and socialization through structured group activities. This means that we will be moving away from free play to focus on group games, sports, and projects. We will still provide time for free time, it will just be less often. Our goal with this structure is to allow participants the ability to interact with new friends and enjoy new activities. Cub Care will be an environment that cultivates friendships, interests and unique experiences!

FUN FRIDAYS AND CLUBS

Building on the success of these new features at Cub Care this past year, we will be rotating each week between Fun Fridays and Clubs. These have been fan favorites at Cub Care, so we are bringing them back with new and some familiar themes and clubs.

Participants will be able to experience a variety of athletic, artistic, culinary, and S.T.E.M. based clubs and themes throughout the year to give everyone the chance to try something new and fun!

BRAND NEW EQUIPMENT

Over the Spring and Summer months, Cub Care has acquired some new games and equipment in our inventory for participants to enjoy! This includes new athletic balls and nets, giant board games, more laser-tag equipment, and even a snow cone machine. On top of that, we have added a new ball cage outside at the playground for toys and equipment during playground time. The new equipment will make sure Cub Care stays safe, fun, and exciting for all our participants this year!

A NEW YEAR OF FUN!

We have an amazing list of activities, games, and events planned for Cub Care this year! We will have early release trips as well as holiday

and special events planned throughout the Cub Care year to celebrate our tenth season and make the 2026 - 2027 school year a year to remember for all our participants!
