

# Mad Science

Winter Session: Fantastic Forces!

Mondays from 2.24.25 - 4.14.25

3:30pm - 4:30pm

J. Richard Martin Community  
Center, Room 8 A

In this program, kids explore a variety of introductory topics in engineering, physics and chemistry as they learn how science can be applied in everyday life. They learn about concepts like bridge construction, the forces of flight, how air pressure can be used to move things, and more! At the end of every class, they take home an educational toy that extends the learning experience! Registration is limited to just 20 so register early to secure your child's spot.
